## A FISHY TALE

Eight goldfish and one black beauty swim friskily in a pond of vintage tiles and ceramic florets. A cocktail of auspicious symbols of harmony, infused with nostalgic Straits Chinese hues of pinks, greens and blues.

## DOUBLE HAPPINESS

Symbolic of love and togetherness, Mandarin Ducks keep company in tranquil waters, surrounded by calligraphic declarations of 'love' and 'double happiness'. Soft shades of blue silky lace enhance the mood.

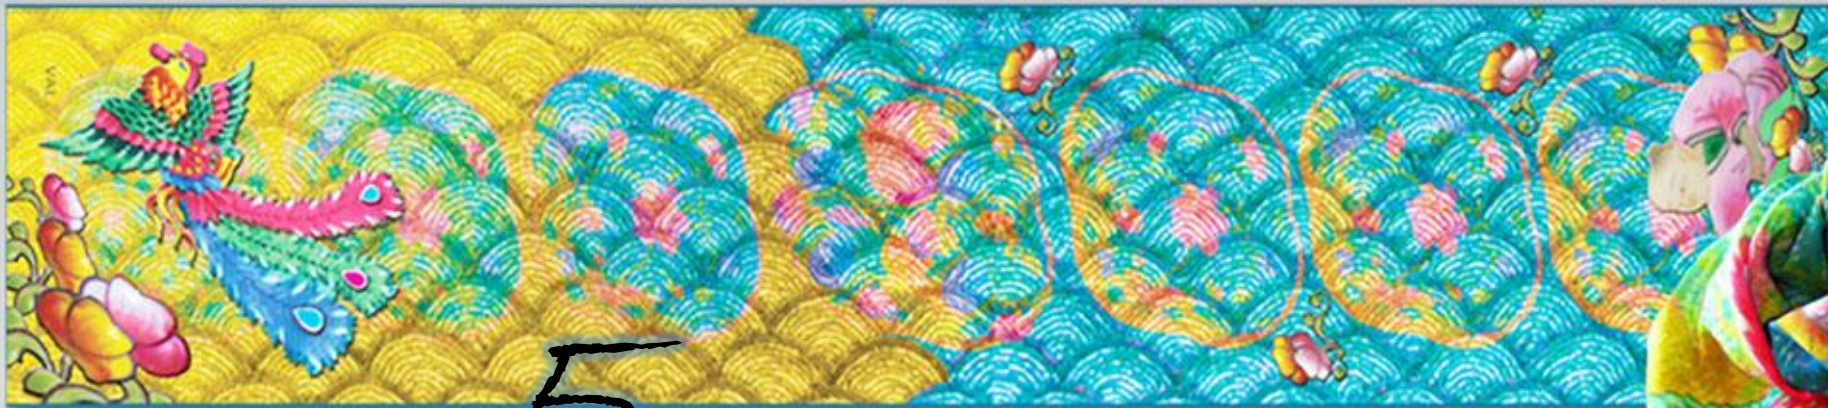

### CHINOISERIE

A mesmerizing combination of gold on cinnabar red with auspicious Chinese iconography, showcases the delicate artistry of days gone by. Today, the class and glitz still remain....

### MEMORIES

A classic collage of vintage tiles and antiques enable vestiges of yesteryear to stand out beside eye-catching red blossoms.... a reminder of the rich history of Gulangyu Islet in Xiamen, Fujian, China.

### AU JARDIN CHINOIS

In an enchanted Chinese garden, a child happily picks flowers before they transform gradually into a beautiful phoenix. Jewelled tones of turquoise and gold lend a hint of beaded glitz, reminiscent of Straits Chinese glamour.

### LOVE BLOSSOMS

Mandarin ducks and double lotus blooms represent long-lasting love and loyalty, while calligraphic declarations of 'love' and 'double happiness' nestle in gentle folds of lacey blue and sea green.

### OUR LADY'S PRAYER

Set on a majestic background of beautiful roses in hues of pinks and reds, is a prayer to guide us through the day.

### THE BLUE WINDOW

The beauty of stained glass and the play of light outside the window panel evokes an air of tranquility and a moment of stillness in which to reflect.

## SUMMER SUN

Frolic in the great outdoors and soak in the sun, which casts a jolly spell on all, as expressed in Robert Louis Stevenson's 'Summer Sun'. Just think 'summer' to bring on a sunny smile all through the year!

## PARADISE

In the words of Greek philosopher Nikos Kazantzakis, "You have your brush and colours. Paint your paradise and in you go"...in this case, Paradise is inspired by the colours and style of a Gauguin.

## SIDEWALK SERENADE

While out and about, look down and around, to admire fallen leaves, patterns and textures on the sidewalk. Given half the chance, they will speak out to you in a beautiful language all their own!
